Summer 2012 Faculty-Led Programs

 Brookdale International Education Center

Experience the World as Your Classroom

<http://international.brookdalecc.edu>

Short-Term Faculty-Led Study Abroad Programs

Each year the International Education Center sponsors faculty-led study-abroad programs during the summer and winter terms, lasting anywhere from 7 - 21 days. Programs, led by Brookdale faculty, take students outside the traditional classroom and allow them a firsthand look at history and culture, which are often only portrayed through lectures and textbooks. Students generally earn 3 - 4 hours of course credit or service learning credit for successful completion of the course and its related components.

Eiffel Tower
Paris, France

These programs are open to both students and community members aged 18 and older. Acceptance to any of the programs is determined by the order in which applications are received. Some programs fill very quickly, therefore early applications are encouraged.

Detailed itineraries and programs costs are at <http://international.brookdalecc.edu>.
