[The Warrior Cup XIII Muay Thai Fights Live IPPV on GFL](#)

Lincroft, New Jersey – Weapons 9 Promotions is back and ready to deliver full contact pro/am Muay Thai to the Tri-State area from the Brookdale Community College in Lincroft, New Jersey with Warriors Cup XIII on **December 3, 2011** and worldwide on www.GFL.tv. Warriors Cup events have quickly carved out a popular niche for themselves on the Eastern seaboard as the place to see great standup fighting. In fact, earlier this year, Warriors Cup XII was the first professional full rules (including elbows) Muay Thai event ever in New Jersey. WC XIII promises to build on the momentum of that exciting event and deliver another great night of punches, kicks, knees and elbows!

In the main event, for the WBC Super Lightweight International Title, **Gabriel Varga** takes on **Justin "The Purple People Eater" Greskiewicz**. This will be a rematch fight as the two fought previously and Varga defeated Greskiewicz by unanimous decision. Varga recently fought and won the WFK World Title in September under the K-1 banner against Dutch striker Roy Tan by third round knockout. Earlier in the year, Varga also won the WKN World Light Heavyweight Title by defeating Frenchman Yohan Ha Van from by unanimous decision. Greskiewicz recently won a rubber match against tough opponent Turan Hasanov by decision and followed that up with a victory in October against Eddie Martinez at Battle at Bally's. Expect "The Purple People Eater" to do his best James Brown impression and try to give Varga "The Big Payback" in this headlining bout.

In the co-main event, James "B-52" Smith of New Jersey fights Ryan Murray out of Greg Nelson's Camp in Minnesota (the same camp where former UFC Heavyweight Champion and WWE World Champion Brock Lesnar trained). This is a battle of two of the top featherweights in North America and should be in the running for "fight of the night" as Smith and Murray only have one speed and that's overdrive.

New to Muay Thai? If the answer is "yes" then you need to order this IPPV and see what happens when fighters are allowed to use all 8 points of contact instead of only 2 as in Western Boxing. If you love action-packed striking, Warriors Cup XIII is your type of event. With a world title on the line in the main event, watch as they fearless gladiators put it all on the line to earn a victory in one of the most grueling and punishing combat sports in the world. Order Warriors Cup XIII exclusively from the GFL Combat Sports Network at www.GFL.tv.
