Black History Month Flag Raising & Kick-off

February 1st | 11:45 a.m. | Collins Arena Flag Poles

After BSU's flag raising join Student Life for a light reception in the MLK Lounge. Help us celebrate the contributions of Black Americans, free Black History Month give-aways.

Headphone Disco

February 2nd | 7:00pm | SLC Navesink Rooms

Join Student Life as we hold Brookdale's first ever headphone disco party! Unfamiliar with the concept? Take a room full of party-people, give them all a set of specially made two-channel wireless headphones and have two DJs broadcast to them over two FM channels simultaneously. Watch as the crowd choose their DJ with the flick of a switch then 'get down' to two completely different styles of music, at exactly the same time to a soundtrack that only they can hear. Taking part is amazing, watching from the side is just as much fun this show really does have to be experienced to be believed.
