Greetings! My name is Laura and I'm running to be YOUR graduate trustee! I want to make Brookdale better for all of us students, as well as the incoming freshmen. I was personally very involved with Brookdale, and got so much out of my years there that I want to give back to the best of my ability. You've probably seen me around: I taught in the Math Lab for a year, was a Chemistry PLTL leader for a year and a half, was the Vice President of Communications of Phi Theta Kappa, and was a dual major in Engineering and Television Production. If elected, I would strive to increase student resources, such as having more student tutors teaching in the writing and STEM labs, as well as increase teacher resources so that they can better serve us, the students.

Thank you! See you in a few weeks when we're out for the summer!

Laura Ostar
