Face Coverings

All persons entering the College are required to wear face coverings upon entry and for the duration of their time spent in a building.

Face coverings should be worn properly and should always cover the nose and mouth of the wearer.

Faculty, students, staff and visitors are expected to supply their own face coverings.

Only those who wear face coverings will be on campus; others will be accommodated virtually.

The College will maintain an adequate supply of face coverings for faculty, staff and students who arrive without proper coverings or need a replacement.

Social Distancing Protocols

Social distancing is required at all times. This includes classrooms, restrooms, offices and other areas across campus.

Class schedules and classrooms have been reconfigured to support social distancing measures.

Following 6-foot guidelines, furniture has been rearranged, removed or blocked off to promote social distancing.

In restrooms, some handwashing stations, stalls, and urinals will be taped off as needed to comply with social distancing guidelines.

Superfluous furniture has been removed and common areas taped off to discourage student or employee gatherings.
