

**2023**  
**SUMMER**  
**CAMPS**

**CHOOSE YOUR  
SCHEDULE OPTION**

# Choose Your Schedule!

Get ready for more summer fun than ever! Brookdale Camps are your one-stop shop for a fun, educational, and adventurous summer for kids from 6 to 16. For the first time ever, our full day option (AM+PM) includes 10 extra hours over our 9-2pm programs – giving kids more time to create, learn, make friends, and be awesome! In addition to the extra hours we've added 50 new classes and activities to choose from.

## Find the schedule that fits your family!

AM Classes / 9 AM - 12 PM

PM classes / 1 PM - 4 PM

**NEW! Full Day w/ Lunch AM + PM\***

**Full Day Campers are picked up from AM Classes, supervised at Lunch, and then escorted to their PM Class by Counselors.**

Your child can experience a college campus and explore careers with half day enrichment camps ranging \$199 to \$325. Online classes start at \$179.

## That's 50% less compared to local private camps!

\*Lunch supervision is included, but lunch is not.

# Multiply Your Summer Savings!

Brookdale Camps are designed to spark new interests and career exploration. Our courses were built to be affordable for parents and families of all shapes and sizes. This summer, for the first time ever, Brookdale is offering **discounts based on the number of programs you sign up for and sibling discounts** — the more camps you enroll your children in, the more you save!

Mix and match in-room and online camp bundles or half day and full day weeks to max out your summer camp savings and **save up to \$1,200 off our regularly priced camps.\***

\*Discounts are calculated on total cost of camps booked. 07/03-07/2023 camps are prorated due to the shortened holiday week.\*\*Select camps are excluded from the discount due to extra material costs.

## Sign Up For 6+ Weeks For:

- **WAIVED** Registration Fee
- **COMPLIMENTARY** Camp Shirt
- **FREE** Before and Aftercare
- Visit [brookdalecamps.com/offers](https://brookdalecamps.com/offers) to get special discounts and promotions.

# Your Schedule

Plan your child's summer here! They can start the day with volleyball and end the day with coding. Follow it up next week with engineering in the AM and cupcake design in the PM. This schedule serves as a place to chart your child's adventures at Brookdale!

Child's Name	AM Class	PM Class	Savings
6-19-23			
6-26-23			Save \$100
7-03-23			
7-10-23			Save \$300
7-17-23			
7-24-23			
7-31-23			Save \$700
8-7-23			
8-14-23			
8-21-23			Save \$1200
8-28-23	Relax, Vacation, Staycation, Back-To-School Prep		

\*Savings column is for example only. Actual savings will vary by courses selected. Discounts are calculated at checkout.

*"This class was the best thing of my summer!"*

# Course Categories

Combine any of our half day camps to create a full day of fun! Each week there are courses in most categories to provide a well rounded summer enrichment experience.

## New! Academics & Chess

Exercise your brain and prepare for college admissions with our **all new SAT prep courses** and Chess Club. For 2023 we are bringing back our wildly popular Chess program taught by the High Technology High School Chess Club advisor and members of the **High Technology Chess High School Team**. Learn the basic moves and learn winning strategies. Novice and experienced players are welcome.

## Careers & Leadership (Certified Babysitters, Entrepreneurs, Fashion, Leadership, Marine Biology, Medicine, Veterinary)

Our career path programs fill up fast! **Learn Pediatric CPR** from the Red Cross and earn your babysitter certification. Become a business tycoon in our **food truck design** and stock market class. Get ready for the runway by creating your first fashion line. **Dissect a shark** and explore our oceans with Science Explorers! Or see what it takes to become a **veterinarian with the Red Bank Veterinary Hospital**. Solve world problems and perfect your **public speaking** in our leadership programs: Politics and Debate, Model United Nations, Mock Trial, all new **Model Congress** courses. Or just write the next great novel in our storytelling classes!

\* Engineering and Coding are in the STEM and Technology sections.

## Cooking & Art

Does your child want to be the next Davinci or Rachel Ray? Try out our creative art studio programs for **painting**, watercolors, sculpting, **drawing** and mixed mediums with KidzArt and Aspiring Artists. Or join our most popular program of 2022 - **cooking**! Whether you want to make breakfast for your family or create food from around the world, Young Chefs will teach you the tools to design your first menu. This year we are excited to add two cupcake creation classes from **the most popular bakery in Monmouth County, Confections of a Rockstar!** Sorry Moms and Dads, these camps are kids only! Register soon; these classes always have a wait list!

## Film & Music

Become a singer, actor, filmmaker, broadcaster, music producer, or YouTube star with our performing arts track. Design the next top-40 hit and knock Billie Elish off the top of the charts with our all new Beats and Jams class! Become a sports broadcaster or make a movie like Steven Spielberg with the always popular **Wickline Productions**. Learn to sing as an ensemble and perform on **Broadway with Lincroft Music**.

# Course Categories

## LEGO, Pokemon, & Magic

For your LEGO fanatics and Pokemon maniacs we have over TEN programs for all ages. From ninjas to jedis, superheroes to wizards, and designers to builders, there's something for everyone with these hands-on classes from Snapalogy and Play Well Teknologies. For the child who likes to amaze their friends and family with magic tricks, learn the **secrets of Houdini** in any of our special Magic camps throughout the summer from Academy of Amazement. Magic camps can be taken separately or try all three and earn your magicians wand!

## Science & Engineering

Whether you want to become a scientist or an engineer or your child is just curious about the world around them, our STEM classes are always a hit! Design an amusement park or dig for dinosaurs. Explore outer space, super slime, or chemical curiosities with Mad Science. Solve a crime with our forensic detectives programs. Use LEGO to learn about STEM and engineering. **Take a trip to New Jersey Institute of Technology and learn firsthand from distinguished professors and experts in the field** in our Becoming an Engineer class. Spots are limited for some programs.

## Sports

Successful kids need to build a strong mind and body. So kick - run - throw - pare in any of our sports camps! These wildly popular exploratory programs are all taught by coaches from Monmouth, Mercer, and Middlesex County. Try one or try them all - basketball, flag football, soccer, tennis and our **all new volleyball program!** Looking for discipline and self defense try traditional martial arts with **Kanzen Karate Academy** or our wildly popular fencing program run by **Freehold Fencing**.

## Technology and Digital Arts

**Coding**, Cyber Security, Drones, **Roblox**, Minecraft, Game Design, Animation, **Robotics** and **YouTube** Content Creation are just a few of the topics in our suite of technology and digital arts courses. **Black Rocket** programs are **fueled by imagination** and designed to inspire a new generation of ideas in a unique learning environment. All **Black Rocket** camps mirror real life experiences and the collaborative nature of the creative process. Each camp ends with a 'Make Your Own' digital product to take home and show family and friends
