INDEPENDENT AUDITORS' REPORT

To the Honorable President and
Members of the Board of Trustees of
Brookdale Community College
Lincroft, New Jersey

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Brookdale Community College (the "College"), a component unit of the County of Monmouth, State of New Jersey, and its discretely presented component unit, Brookdale Community College Foundation, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the College, and the discretely presented component unit, as of June 30, 2022, and respective change in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States ("Government Auditing Standards"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The College's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquired of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State of New Jersey Awards, as listed in the table of contents, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and State of New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State of New Jersey Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated **DATE** on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

BROOKDALE COMMUNITY COLLEGE
(A Component Unit of the County of Monmouth)
Management's Discussion and Analysis
For the fiscal year ended June 30, 2022

Management's Discussion and Analysis ("MD&A") presents the financial performance of Brookdale Community College (the "College") during the fiscal year ended June 30, 2022. This MD&A will provide various financial analyses for fiscal year 2022.

Enrollment

The College enrollment is comprised of credit and noncredit full-time equated students ("FTEs"). A full-time equated student represents a student or combination of students taking 30 credits.

	<u>2022</u>	<u>2021</u>	<u>Change 2021-2022</u>
Credit FTEs	6,500	7,125	(625)
Noncredit FTEs	<u>349</u>	<u>268</u>	<u>81</u>
Total FTEs	<u>6,849</u>	<u>7,393</u>	<u>(544)</u>

Full-time equated enrollment for credit and noncredit enrollment in fiscal year 2022 was 6,849, compared to fiscal year 2021 FTE enrollment of 7,393. This represents a 7.4 percent decrease.

- Credit enrollment decreased from 7,125 FTEs in fiscal year 2021 to 6,500 FTEs in fiscal year 2022, which represents an 8.8 percent decrease.
- Noncredit enrollment increased from 268 FTEs in fiscal year 2021 to 349 FTEs in fiscal year 2022, which represents a 30.2 percent increase.
- Credit enrollment decreases are consistent with the national trend across the higher education sector.

General Financial Information

The College's basic financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows. The financial statements are prepared in accordance with the accounting principles established by the Governmental Accounting Standards Board ("GASB").

The College uses a single proprietary fund, which reports the business-type activities to the College. The Statement of Net Position presents financial information on all of the College's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decrease in net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating.

The Statement of Revenue, Expenses, and Changes in Net Position present information showing how the College's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The notes to the financial statements provide additional information that is necessary to acquire a full understanding of the data provided in the financial statements.

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the College's progress in funding its obligation to provide pension and OPEB benefits to its employees.

The financial statements also include the activities of Brookdale Community College Foundation, a legally separated entity for which the College is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the College itself.

Revenues

The College charged \$148.00 per student credit hour ("SCH") to a maximum of \$2,220.00 per term in fiscal year 2022. In addition, the College charged a General Service Fee of 27% of tuition, or \$39.96 per student credit hour, to a maximum of \$599.40 during the same period. Those fees helped fund technology enhancements, student life and activities, capital improvements and debt service obligations.

Net tuition, fee, and chargeback revenue decreased \$1,843,311 as a result of a 8.8% decline in FTE enrollment while keeping tuition and fees flat. In addition, scholarship allowances decreased \$848,088.

The College's Auxiliary Services revenue, (Bookstore, Event Management, and Dining Services) increased \$354,732. These services experienced a slight recovery from being partially operational due COVID-19 restrictions in fiscal year 2021.

Nonoperating revenues

State aid increased by \$1,516,241 due to the reinstatement of State funding resulting from the COVID-19 pandemic. Total County aid of \$20,027,019 remained unchanged from 2021 to 2022.

BROOKDALE COMMUNITY COLLEGE
(A Component Unit of the County of Monmouth)
Notes to Financial Statements
June 30, 2022

(1) Organization

Brookdale Community College (the “College”) was established in 1967 as a unit of the New Jersey Master Plan for Higher Education and became part of a statewide network of 18 county colleges. The College offers pre-baccalaureate preparation (A.S. and A.A. degrees) as well as programs and certificates which are designed to prepare students for employment (A.A.S. degrees). The College also maintains a comprehensive Continuing and Professional Studies operation which provides lifelong learning opportunities to the citizens and businesses of the County of Monmouth (the “County”). The College opened its doors to students on September 29, 1969.

The work of the College is centered on the main campus in Lincroft, New Jersey, on the site of the former Brookdale Farm. The main campus is spread across more than 200 acres of woodlands and rolling hills and includes 27 buildings comprised of classrooms, library, theatre/auditorium, student center, bookstore, sports arena, dining facilities, administrative offices, maintenance shop, and the Monmouth Museum.

The College also operates at five Higher Education Centers located throughout the County in Freehold, Wall, Neptune, Long Branch, and Hazlet. Offerings at these sites include GED preparation, Adult Basic Education, English as a Second Language, and a variety of credit courses. Additionally, the College has developed unique partnerships with four-year institutions to offer Brookdale students the ability to earn associate, bachelor and master’s degrees at all Brookdale locations.

(2) Summary of Significant Accounting Policies

Component Unit

The College organized Brookdale Community College Foundation (the “Foundation”), a legally separate component unit, in 1973, under the laws of the State of New Jersey (the “State”), for the sole benefit of the College, faculty, and students. The purpose of the Foundation is to receive, hold, invest, administer, encourage, and solicit contributions from the general public for the benefit of the College. The Foundation’s efforts benefit the College in the undertaking of projects which foster and promote educational philosophy and the mission and goals of the College; in providing funds for the development of curriculum and education media; and in the creation of scholarships. The financial statements of the Foundation are presented discretely in the College’s financial statements because of the nature and significance of its relationship with the College, including its ongoing financial support of the College. Copies of the Foundation’s financial statements can be obtained by writing to Brookdale Community College Foundation, Lincroft, New Jersey.

Deferred Outflows and Deferred Inflows of Resources

The statements of net position report separate sections for deferred inflows of resources and deferred outflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reports after total liabilities, represents an increase of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

(2) Summary of Significant Accounting Policies (continued)

Deferred Outflows and Deferred Inflows of Resources (continued)

Transactions are classified as deferred outflows of resources and deferred inflow of resources only when specifically prescribed by the Governmental Accounting Standards Board (“GASB”). The College is required to report the following as deferred outflows of resources and deferred inflows of resources:

Defined Benefit Pension Plans – The difference between expected (actuarial) and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on pension plan investments, changes in the College’s proportion of expenses and liabilities to the pension as a whole, differences between the College’s pension contribution and its proportionate share of contributions, and the College’s pension contributions subsequent to the pension valuation measurement date.

Deferred Loss on Bond Refinancing – In a transaction involving current refundings or advance refundings resulting in defeasance of debt, any difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized to interest expense over a period of time that is the shorter of the remaining life of the old debt or the life of the new debt.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees’ Retirement System (“PERS”) and Police and Fire Retirement System (“PFRS”) and additions to/deductions from PERS’s and PFRS’s fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Adoption of New Governmental Accounting Pronouncement

As of July 1, 2021, the College adopted GASB Statement 87 – *Leases*. GASB 87 enhances the consistency for leasing activities and establishes requirements for lease accounting based on the principle that leases are financing the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

There was no change to net position as of July 1, 2021, upon the implementation of GASB 87 since the College did not have any arrangements that met the definition of a lease.

New Government Accounting Pronouncements

GASB Statement 91 – *Conduit Debt Obligations* is effective for reporting periods beginning after December 15, 2021. The objective of this Statement is to improve the consistency of reporting conduit debt. This Statement requires government entities that issue conduit debt, but are not the obligors, not to recognize the liability unless it is more likely than not that the government issuer will service the debt.

GASB Statement 94 – *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* is effective for reporting periods beginning after June 15, 2022. The objective of this Statement is to provide accounting and financial reporting guidance for arrangements in which the governmental entity (the transferor) contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset.

GASB Statement 96 – *Subscription-Based Information Technology Arrangements (SBITA)* is effective for reporting periods beginning after June 15, 2022. The objective of this statement is to provide accounting and financial reporting guidance for transactions in which a governmental entity contracts with another party for the right to use their software. A right-to-use-asset and a corresponding liability would be recognized for SBITAs.

GASB Statement 99 – *Omnibus 2022* has multiple effective dates. The objective of this statement is to clarify differences among leases, PPP and SBITA (which is effective for reporting periods after June 15, 2022) and reporting requirements for financial guarantees and derivative investments (which is effective for reporting periods after June 15, 2023).

GASB Statement 100 – *Accounting Changes and Error Corrections – an amendment of GASB 62* is effective for reporting periods beginning after June 15, 2023. The objective of this statement is to provide consistency for changes in accounting principles, accounting estimates, and the reporting entity and corrections of errors.

GASB Statement 101 – *Compensated Absences* is effective for reporting periods beginning after December 15, 2023. The objective of this statement is to update the recognition and measurement for compensated absences.

Management has not completed its review of the requirements of these standards and their applicability.

Basis of Accounting and Measurement Focus

The accompanying financial statements have been prepared on the accrual basis of accounting using the economic resources measurement focus in accordance with accounting principles generally accepted in the United States of America, as applied to government units, which is established by the Governmental Accounting Standards Board ("GASB"). The College reports its financial statements as a business-type activity, as defined by GASB Statement 35. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

Net Position

The College classifies its resources into three net position categories:

- *Net investment in capital assets:* Capital assets, net of accumulated depreciation, and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- *Restricted:*
 - Nonexpendable* – Net position subject to externally-imposed stipulations that must be maintained permanently by the College.
 - Expendable* – Net position whose use by the College is subject to externally-imposed stipulations that can be fulfilled by actions of the College pursuant to the stipulations or that expire by the passage of time.
- *Unrestricted* – Net position that does not meet the definition of the preceding categories that may be designated for specific purposes by action of management or the College's Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for academic programs and initiatives and capital programs.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Other

Other significant accounting policies followed in the preparation of the accompanying financial statements are outlined below:

- (a) Cash and equivalents consist of cash on deposit with banks, certificate of deposits and money market funds with original maturities of three months or less when purchased.
- (b) Investments are stated at fair value, which is based upon quoted market prices, and consist of certificates of deposit, equities, bonds and notes, and mutual funds. Interest, dividends and changes in the fair value of investments consisting of both realized and unrealized gains or losses, are reported as investment income on the statements of revenues, expenses and changes in net position.

BROOKDALE COMMUNITY COLLEGE

(2) Summary of Significant Accounting Policies (continued)

Other (continued)

- (c) Capital assets are recorded at historical cost and include land, buildings and building improvements, and furniture and equipment over \$5,000. The costs of normal maintenance and repairs that do not add value to the asset are not capitalized. Major outlays for capital assets are capitalized as the projects are constructed and transferred to the appropriate asset category upon completion. Land is not depreciated, however the other capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Useful Lives</u>
Buildings and building improvements	10 - 45 years
Furniture and equipment	5 - 10 years

- (d) The County is generally responsible for the issuance of certain bonds and notes for the College's capital expenditures which are financed by County bond ordinances; unexpended bond ordinances are available for capital expenditures in subsequent years. The County is also responsible for the payment of interest on this issued debt and the retirement of such obligations. Accordingly, this debt is reported in the financial statements of the County and is not included in the accompanying financial statements of the College. However, The Monmouth County Improvement Authority has issued Lease Revenue Bonds for which the College is responsible for future debt service payments (see Note 7).
- (e) Compensated absences are those absences for which employees will be paid for vacation when used. A liability is accrued for compensated absences that are earned and unused in accordance with the College's policy at June 30th of each fiscal year. Eligible employees earn a right to vacation benefits based on seniority.
- (f) Student tuition and fees and auxiliary services are presented net of scholarships applied to student accounts, while other payments made directly to students are presented as scholarship expense and are recognized in the period incurred. Student tuition and fees collected for courses that are held subsequent to fiscal year-end are recorded as unearned student tuition and fees in the accompanying statements of net position.
- (g) Grants receivable represent amounts awarded to, but not yet received by, the College. Revenues are recognized as the grants are expended. Amounts received from grants which have not yet been earned under the terms of the agreements are recorded as unearned grant revenue in the accompanying statements of net position.
- (h) Revenue from State of New Jersey and the County appropriations is recognized in the fiscal years during which the State of New Jersey and the County appropriate the funds to the College.
- (i) Accounts receivable are reported at net realizable value. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. The allowance for doubtful accounts is estimated based on the College's historical losses and periodic review of individual accounts.

(2) Summary of Significant Accounting Policies (continued)

Other (continued)

- (j) Auxiliary services expenses include direct and indirect administration and general costs related to their operations.
- (k) Chargebacks to other counties represent the amount the College charges the counties in which out-of-county students reside for their portion of the College's operating expenses, as provided by the criteria and procedures specified in the Statement of Auditing and Accounting Standards for County Colleges recommended by the Council of County Colleges and for use by the Department of Treasury pursuant to New Jersey Statutes Annotated ("N.J.S.A.") 18A:64A-22 and 29.
- (l) The College receives appropriations from the State of New Jersey and the County. The College is economically dependent on these appropriations to carry on its operations. The College is considered a component unit of the County.
- (m) Grants and contributions are recorded as unrestricted revenue or restricted net position depending on the absence or existence of any donor restrictions. Unconditional grants and contributions are recognized as revenue when the related promise to give is disclosed.
- (n) Donor-restricted grants and contributions whose restrictions are satisfied in the same period as funds are recognized are reported as unrestricted support in the statements of revenues, expenses and changes in net position.
- (o) The College's policy defines operating activities in the statements of revenues, expenses, and changes in net position as those that serve the College's principal purpose and generally result from exchange transactions such as payments received for services and payments made for the purchase of goods and services. Examples include: (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary services, and (3) most federal, state, and local grants and contracts. Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as operating appropriations from the State of New Jersey and the County, contributions, and investment income. Interest expense is reported as a nonoperating expense.
- (p) The College is exempt from federal income taxes under Internal Revenue Code Section 115. The Foundation is an organization described under Section 501(c)(3) of the Internal Revenue Code ("Code") and therefore is exempt from federal income taxes under 501(a) of the Code.
- (q) The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Significant estimates and assumptions are required as part of estimating an allowance for doubtful accounts, depreciation, and determining the net pension and OPEB liabilities.

COVID-19

On March 11, 2020, the World Health Organization declared the global outbreak of the novel coronavirus ("COVID-19") as a pandemic. During the year ended June 30, 2021, COVID-19 had a significant effect on the College's operations in response to government requirements and observing safety measures.

In response to the pandemic, the Federal government provided to the College the Higher Education Emergency Relief Funds ("HEERF") and funds for the Minority Serving Institutions Program ("MSI") under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, Coronavirus Response and Relief Supplemental Appropriations Act ("CRRSAA"), and American Rescue Plan Act ("ARPA"). The HEERF consisted of the student aid award and the institutional award. Each Act requires a minimum amount to be spent on student aid.

The student aid award is required to be distributed to students as emergency grants for their expenses related to the disruption of campus operations due to coronavirus. The institutional award can be used to cover any costs associated with significant changes to the delivery of instruction due to the coronavirus. The Department of Education has extended the deadline to spend the student aid award and the institutional award by June 30, 2023.

The College has been awarded the following HEERF and MSI funds as of June 30, 2022:

	Student Aid Award	Institutional Award	Minority Serving Institutions	Total
CARES	\$ 3,167,206	\$ 3,167,205	\$ 1,846,964	\$ 8,181,375

COVID-19 (continued)

As of June 30, 2022, the College has \$1,529,213, \$444,562, and \$11,248,899 of unspent CARES, CRRSAA, and ARPA funds, respectively.

As of June 30, 2022, the College received \$253,824 as a non-operating Federal grant of Governor's Emergency Education Relief Fund ("GEERF") as a pass-through from the State of New Jersey.

(3) Cash and Equivalents and Investments

Cash and Equivalents

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned. Although the College does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local government agencies.

As of June 30, 2022, the College's and Foundation's combined bank balance of \$30,233,778 was insured, collateralized, or uninsured as follows:

	<u>Brookdale Community College</u>	<u>Brookdale Community College Foundation</u>
	<u>2022</u>	<u>2022</u>
Insured	\$ 750,000	\$ 250,000

Uninsured	77,128	1,126,150
	<u>\$ 28,857,628</u>	<u>\$ 1,376,150</u>

Deposits held by trustees represent assets held by trustees under the terms of various agreements with the New Jersey Educational Facilities Authority ("NJEFA") and another financial institution. Deposits held by trustees are carried in the financial statements at fair value and consist entirely of cash and equivalents. As of June 30, 2022, the College's deposits held by trustees was \$72,692.

(3) Cash and Equivalents and Investments (continued)

Cash and Equivalents *(continued)*

Investments

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the College, or are held by either the counterparty or the counterparty's trust department or agent but not in the College's name. The Foundation's investments for the year ended June 30, 2022 was \$6,035,960 in certificates of deposit, mutual funds, bonds and notes, and equities at various financial institutions.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. While the College does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, to mitigate this risk, most investments purchased have a maturity date of no more than one year. The Foundation monitors the investment maturities of bond investments as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. N.J.S.A. does not limit the investment types that County Colleges may purchase, and the College has no investment policy that limits its investment choices. The Foundation's investment policy establishes guidelines for permissible investments, which include certificates of deposit, mutual funds, equities, and bonds.

Foreign Currency Credit Risk

For the year ended June 30, 2022, the Foundation did not hold any foreign investments.

Fair Value Hierarchy

The fair value hierarchy categorizes inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted market prices for identical assets or liabilities in active markets that a government can access at the measurement date. Level 2 inputs are inputs, other than quoted prices included within Level 1 that are observable for an asset or liability, directly or indirectly. Level 3 inputs are unobservable inputs. The highest priority is assigned to Level 1 inputs and the lowest to Level 3 inputs. If the fair value is measured using inputs from more than one level of the hierarchy, the measurement is considered to be based on the lowest priority input level that is significant to the entire measurement. Valuation techniques used should maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022.

Preferred stock and equities: Valued at the closing price recorded on the active market on which the individual securities are traded.

Corporate and government bonds: Valued either by using pricing models maximizing the use of observable inputs for similar securities or valued by the investment manager.

Mutual funds: Valued at the net asset value of the shares held by the Foundation at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- A. The lease revenue bonds – Series 2012 were issued to MCIA pursuant to an agreement with the College for the purpose of providing funds to MCIA to fund an escrow, the proceeds of which were used for the purpose of refunding all of MCIA’s outstanding Lease Revenue Bonds - Series 2003 and paying certain costs in connection with the issuance of the bonds. As a result, the Series 2003 was considered to be defeased and the liability has been removed from the financial statements. The agreement with MCIA requires the pledging of certain rental revenues to meet the sinking fund requirements of the issue. The College’s mortgage obligation to MCIA is collateralized by certain land, buildings, and building improvements.

Except for extraordinary optional redemption as described in the debt agreement, the Series 2012 bonds are not subject to redemption prior to August 1, 2022 and are redeemable thereafter at par plus accrued interest.

Bond principal payments are due August 1 of each year starting in the year 2012 and ending in the year 2026. A bond principal payment of \$535,000 was made on August 1, 2021. A bond principal payment of \$555,000 is due on August 1, 2022; subsequent bond principal payments incrementally increase thereafter to a maximum of \$635,000 on August 1, 2026.

- B. The lease revenue bonds – Series 2015 were issued by MCIA pursuant to an agreement with the College for the purpose of providing funds to MCIA to fund an escrow, the proceeds of which are to be used for the purpose of refunding all but \$1,775,000 of MCIA's presently outstanding Lease Revenue Bonds – Series 2008 and pay certain costs in connection with the issuance of the bonds. As a result, the Series 2008 is considered partially defeased and the liability in the amount of \$22,820,000 has been reduced to \$1,775,000. The purpose of the original bond was for the Big Four Projects, which was comprised of renovations to the Collins Arena, Fitness Center, Autotech and the Freehold campus. The agreement with MCIA requires the pledging of certain revenues to meet the sinking fund requirements of the issue. The College's mortgage obligation to MCIA is collateralized by certain land, buildings and building improvements, and equipment.

Except for extraordinary optional redemption as described in the debt agreement, the Series 2015 bonds are not subject to redemption prior to August 1, 2025 and are redeemable thereafter at par plus accrued interest.

Bond principal payments are due August 1 of each year starting in fiscal year 2017 and ending in the year 2039. A bond principal payment of \$820,000 was made on August 1, 2021. A bond principal payment of \$855,000 is due on August 1, 2022; subsequent bond principal payments incrementally increase thereafter to a maximum of \$1,730,000 in August 1, 2038.

- C. The lease revenue bonds – Series 2019 were issued by MCIA in June 2019 pursuant to an agreement with the College for the purpose of refunding the \$7,690,000 to MCIA's presently outstanding Lease Revenue Bonds – Series 2009 and pay certain costs in connection with the issuance of the bonds. The proceeds from this debt issuance were included within the College's deposits held by trustee at June 30, 2019. These bonds were defeased on August 1, 2019. The original purpose of the bonds was to fund the construction of a multi-purpose student life center on the Lincroft Campus of the College.

Bond principal payments are due August 1 of each year starting in fiscal year 2020 and ending in the year 2032. A bond principal payment of \$360,000 was made on August 1, 2021. A bond principal payment of \$390,000 is due on August 1, 2022; subsequent bond principal payments incrementally increase thereafter to a maximum of \$725,000 in August 1, 2031.

(9) Retirement Plans

Plan Descriptions

The College participates in four major retirement plans for its employees – the State of New Jersey Public Employees’ Retirement System (“PERS”), Police and Firemen’s Retirement System (“PFRS”), Defined Contribution Retirement Program (“DCRP”), and Alternate Benefit Program (“ABP”). ABP presently makes contributions to Teachers Insurance and Annuity Association – College Retirement Equities Fund (“TIAA/CREF”), VOYA Financial, AXA Equitable Life Insurance, MASS Mutual, MetLife, VALIC, and Prudential Retirement. ABP alternatives are administered by a separate Board of Trustees. PERS and PFRS are cost-sharing, multiple-employer defined benefit pension plans administered by the State of New Jersey. Generally, all employees, except certain part-time employees, participate in one of these plans.

The State issues a publicly available Annual Comprehensive Financial Report (“ACFR”) of the State of New Jersey Division of Pensions and Benefits, which includes financial statements, required supplementary information, and detailed information about the PERS plan fiduciary net position. This ACFR can be obtained by writing to, or by visiting the website below.

PERS and PFRS Information

PERS was established under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full-time employees of the State of New Jersey or public agency, provided the employee is not a member of another State of New Jersey-administered retirement system. PFRS was established under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full-time County and municipal police or firemen and State of New Jersey firemen appointed after June 30, 1994.

PERS Benefits Provided

The following represents the membership tiers for PERS:

Tier Definitions

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

PFRS Benefits Provided

The following represents the membership tiers for PFRS:

Tier Definitions

- 1 Members who were enrolled prior to May 22, 2010
- 2 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 3 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

PERS Funding Policy

PERS members are required to contribute 7.5% of their annual covered salary for the year ended June 30, 2022. The College is required to contribute at an actuarially determined rate. During the year ended June 30, 2022, the College's annual contribution to PERS was \$1,721,993. The contribution requirements of the plan members and the College are established and may be amended by the State of New Jersey.

PFRS Funding Policy

PFRS members are required to contribute 10% of their annual covered salary for the year ended June 30, 2022. The College contribution is based upon annual actuarially determined percentages of total compensation of all active members. The College's annual contribution approximates the actuarially determined pension cost for the year and is included in the accompanying financial statements. During fiscal year ended June 30, 2022, the College's contribution to PFRS was \$363,182. The contribution requirements of the plan members and the College are established and may be amended by the State of New Jersey.

DCRP Information

In September 2010, the State of New Jersey mandated that employees otherwise eligible to enroll in PERS, who do not work the minimum required number of hours per week for PERS, but who earn salary of at least \$5,000 annually, are now being enrolled in a defined contribution retirement program ("DCRP"). DCRP members are required to contribute 5.5% of their annual base salary and the College is required to contribute 3%. The contribution requirements of the plan are established and may be amended by the State of New Jersey.

Alternate Benefit Program Information

ABP is organized under Section 410(a) of the Internal Revenue Code and provides the choice of seven investment carriers, all of which are privately operated defined contribution retirement plans. The College assumes no liability for ABP members other than payment of contributions. ABP provides retirement and death benefits for or on behalf of these full-time professional employees and faculty members electing to participate in this optional retirement program. Participation eligibility as well as contributory and noncontributory requirements are established by the State of New Jersey Retirement and Social Security Law. Benefits are determined by the amount of individual accumulation and the retirement income option selected. All benefits vest after the completion of one year of service. Individually owned annuity contracts that provide for full ownership of retirement and survivor benefits are purchased at the time of vesting.

Participating College employees are required to contribute 5% and may contribute voluntary additional contributions of salary up to the maximum federal statutory limit, on a pre-tax basis. Employer contributions, some of which are reimbursed by the State of New Jersey, are 8% of base salary.

During the year ended June 30, 2022, ABP contributions, based upon participating employee salaries of \$24,815,644, were \$1,373,731 from employees and \$2,441,163 from the College. During the year ended June 30, 2022, the State of New Jersey reimbursed the College \$1,985,252 for qualified employees and this amount is included in the accompanying financial statements as on-behalf payments.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

A special funding situation exists for the Local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a non-employer, is required to pay the additional costs incurred by Local employers. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College as of the June 30, 2022 measurement date is as follows:

	<u>2022</u>
College's Proportionate Share of Net Pension Liability	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the College	<u>628,308</u>
	<u>\$ 628,308</u>

The following information is related to the PERS and PFRS cost-sharing multiple-employer defined benefit pension plans:

As of June 30, 2022, the College reported a liability of \$19,283,864 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The College's proportion of the net pension liability was based on a projection of the College's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The College's proportion of the net pension liability was based on its share of the State of New Jersey's collective pension amounts allocated on the basis of actual fringe benefits charges assessed to the College for the fiscal year 2022. The State of New Jersey's proportionate share was based on actual employer contributions to the PERS and PFRS for fiscal year 2022 related to total contributions of all participating employers for the fiscal year. At June 30, 2022, the College's proportion was 0.05% for PERS and 0.02% for PFRS. For the year ended June 30, 2022, the College's recognized pension income was \$3,861,388, for PERS and pension income of \$401,641 for PFRS.

Actuarial Assumptions (continued)

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with Directors of Division on Investment and Division of Pension and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plans' target asset allocation as of the June 30, 2021 and 2020 measurement date (see the discussion of the pension plans investment policy) are summarized in the following tables:

Discount Rate

The discount rate used to measure the total pension liabilities of the PERS plan as of June 30, 2021 (measurement date) is 7.0% and for PFRS plan is 7.0%. The projections of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate, contributions from employers will be made at contractually required rates (actuarially determined), and contributions from the State will be made at current statutorily required rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following represents the College's proportionate share of the net pension liability calculated using the above discount rates with a measurement date as of June 30, 2021, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

General Information about the OPEB Plan

The College is in a “special funding situation,” as described in GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (“GASB Statement 75”), in that OPEB contributions and expenses are legally required to be made by, and are the sole responsibility of, the State of New Jersey, not the College.

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. In accordance with GASB Statement 75, the State Health Benefit Local Education Retired Employees Plan is classified as a single employer defined benefit other post-employment benefit (“OPEB”) plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB Statement 75. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or County College with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Public Employees’ Retirement System (“PERS”), the Police and Firemen’s Retirement System (“PFRS”), or the Alternate Benefit Program (“ABP”). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total non-employer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits is the responsibility of the individual local education employers.

The OPEB plan is administered by the State of New Jersey Division of Pensions and Benefits (the “Division”) and is part of the New Jersey State Health Benefits Program. The Division issues a publicly available financial report that includes financial reports which can be obtained by writing to or at the following website:

Actuarial Assumptions

The total non-employer OPEB liability as of June 30, 2022 (measurement date June 30, 2021) was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

	Inflation Rate	2.50%	
	TPAF/ABP	PERS	PFRS
Salary increases:	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25%

Thereafter	2.75 - 5.65%	3.00 - 7.00%	Not Applicable
	based on service years	based on service years	

Preretirement mortality rates were based on the Pub-2010 Health “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projects from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projects from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disable mortality table with fully generational mortality improvement projects from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

OPEB Liabilities, Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2022, the College recognized OPEB expense of \$8,276,157 as determined by the State of New Jersey Division of Pensions and Benefits. This expense and the related offsetting revenue are for benefits provided by the State through a defined benefit OPEB plan that meets the criteria in GASB Statement 75, in which there is a special funding situation.

In accordance with a special funding situation, there is no allocation of the OPEB liability or recognition of the allocation of the proportionate share of the deferred inflows and outflows of resources. At June 30, 2022, according to the State's audited OPEB plan report, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal years 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Discount Rate

The discount rate for measurement date as of June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather than the discount rate set at the municipal bond rate.

(12) Contingencies

The College is exposed to various risks of loss related to damage and destruction of assets, injuries to employees, damage to the environment or noncompliance with environmental requirements, and natural and other unforeseen disasters. The College has insurance to cover all buildings, contents or related risks in case of loss, and insures its vehicles and equipment for claims and assessments arising from bodily injury, property damages and other perils. Unfavorable judgments, claims or losses incurred by the College are covered by these policies.

(13) Compensated Absences

The College has recorded a liability for compensated absences, which is included in accounts payable and accrued expenses in the accompanying statements of net position. The liability is based upon employees' accrued vacation leave as of fiscal year-end. No amounts are recorded for accrued sick leave as the College does not make payments for accrued sick leave to employees upon termination. Compensated absences consists of the following at June 30,:

(14) Related Party Transactions

The Foundation utilized office space and received certain administrative assistance from the College at no charge during the year ended June 30, 2022. The fair value of this space and these services is estimated at \$107,241 and is included in the Foundation's statements of revenues, expenses, and changes in net position for the year ended June 30, 2022.

During the fiscal year 2022, certain services and expenses are received and paid between the Foundation and the College. All such expenses are put on account and settled periodically between the two parties. As of June 30, 2022, the Foundation was indebted to the College in the amount of \$64,100, representing student scholarships and operating expenses paid by the College on behalf of the Foundation. This amount is non-interest-bearing and is currently payable.

(15) Litigation

The College is also a party to various legal actions arising in the ordinary course of business. Although it is not possible to predict the outcome of these actions, it is the opinion of management that there is no exposure to such matters that, if decided adversely, would be material to the College's financial position or are not adequately covered by insurance.

SINGLE AUDIT SECTION

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

To the Honorable President and
Members of the Board of Trustees of
Brookdale Community College
Lincroft, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"), the financial statements of Brookdale Community College (a Component Unit of the County of Monmouth) (the "College"), which comprise the statement of financial position as of June 30, 2022, and the related statements of revenues, expenses, changes in net position and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated **DATE**.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

DRAFT

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE OF NEW JERSEY PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE AND STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY, OMB POLICY CIRCULAR 15-08-OMB

INDEPENDENT AUDITOR'S REPORT

To the Honorable President and
Members of the Board of Trustees of
Brookdale Community College
Lincroft, New Jersey

Report on Compliance for Each Major Federal and State of New Jersey Program

Opinion on Each Major Federal and State of New Jersey Program

We have audited Brookdale Community College's (the "Organization") compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget ("OMB") *Compliance Supplement* and *State of New Jersey Compliance Supplement* that could have a direct and material effect on each of Brookdale Community College's major federal and state of New Jersey programs for the year ended June 30, 2022. Brookdale Community College's major federal and state of New Jersey programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Brookdale Community College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state of New Jersey programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal and State of New Jersey Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"); the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and State of New Jersey, Department of the Treasury, OMB Policy Circular 15-08-OMB ("NJ Circular 15-08-OMB"). Our responsibilities under those standards, the Uniform Guidance and NJ Circular 15-08-OMB are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state of New Jersey program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal and state of New Jersey programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and NJ Circular 15-08-OMB will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal and state of New Jersey program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and NJ Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state of New Jersey program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state of New Jersey program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state of New Jersey program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

BROOKDALE COMMUNITY COLLEGE
(A Component Unit of the County of Monmouth)
Notes to Schedules of Expenditures of Federal and State of New Jersey Awards
June 30, 2022

(1) General

The accompanying Schedules of Expenditures of Federal and State of New Jersey Awards includes the Federal award activity of Brookdale Community College (the "College") under programs of the Federal Government for the year ended June 30, 2022. The information on this schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net position or cash flows of the College.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance.

(3) Indirect Cost Rate

The College has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

(4) Federal Student Loan Programs

The College disbursed \$4,890,757 of loans under the Federal Direct Student Loans program, which include Stafford Subsidized and Unsubsidized Loans and Parent Plus Loans. It is not practical to determine the balances of the loans outstanding to students of the College under the program as of June 30, 2022. The College is only responsible for the performance of certain administrative duties and, accordingly, these loans are not included in the College's financial statements.
