

## Global Citizenship at Brookdale

The primary purposes of the “Global Citizenship Project” at Brookdale are to educate and engage students and the college community in global issues to improve the world we live in and to foster a lifelong commitment to global citizenship.

**Awareness – Commitment – Engagement**  
**We DARE you to CARE.....**

## Global Citizenship

Global Citizenship is the application of the concept of citizenship at a global level. A global citizen is one who demonstrates citizenship at a global level to reduce inequities and improve the quality of life of others and refrains from behaviors that hinder the well-being of others.

## Global Citizenship Awards

The Global Citizenship Awards are presented by the Global Citizenship Council at Brookdale. Awards are presented to faculty and students who demonstrate a commitment to bring about awareness of global issues and who engage in these issues as part of curricular assignments and to students who have demonstrated commitment and leadership toward a global issue outside the classroom through awareness campaigns, fundraisers, and other globally focused activities. The awards ceremony is made possible with support from Student Life and Activities and the International Education Center .

## Faculty Curricular Award Recipients

**Sherri West, Ph.D., Professor of History**, has been integrating global issues in her history classes and has encouraged literally thousands of students over the years to think about global topics and to take action to make a difference. She has been a valuable role model for her students.

**Phyllis Shafer, Professor of Business**, has taken her students on a journey to develop business projects beyond the borders of the United States by having them develop proposals for international businesses that focus on improving the quality of life for people around the world.

**Howard Miller, Assistant Professor of Speech**, has worked with international students as an advisor and has widened the horizons of students by incorporating global issues in informative speech requirements.
