

## **INSURANCE POLICIES FOR INTERNATIONAL STUDENTS**

Healthcare in the United States is very expensive. Even treatment of a simple cold can become a bill for hundreds of dollars if medical treatment from a doctor is necessary. Emergency medical treatment is even more expensive. To ensure safety and good health while in the U.S., international students are strongly encouraged to purchase an insurance plan that will ensure affordable health care while studying at Brookdale Community College. A sample of insurance policies specifically designed for international educational exchange and travel are provided below.
