Step 4: A box will appear to the right. Use the drop-down menu to select “Mathematics (Online)” and the course you need help with.

The screenshot shows the 'thinkingstorm' interface for Brookdale Community College. On the left, there are three main sections:

- Schedule or Cancel a BCC Tutoring Appointment or Lab Time** with a **Book Now** button.
- Start Your Online Tutoring Session** with a **Start Now** button circled in red. Below it is a note: "Note: Please use a computer for your online tutoring session instead of a mobile phone."
- Join Group Tutoring Session** with a **Join Now** button. Below it is a note: "Note: Please use a computer for your online tutoring session instead of a mobile phone."

On the right, a yellow box titled "Connect to a live Tutor!" contains a "Get Help Now" button and two dropdown menus. The first dropdown is set to "Mathematics (Online)" and the second is set to "MATH-172 Calculus II". A green arrow points from the circled "Start Now" button to this yellow box. Above the yellow box, a "Get Started!" section lists three steps: 1. Pick your category and subject, then Get Help Now; 2. Standby until the button says Begin Lesson; 3. Click Begin Lesson & Get Started.

Step 5: Wait for a tutor.
