What remains to be taken at Rutgers?

- At least 33-36 additional credits in the major (required courses & major electives) depending on what precisely was taken in the career studies area
- One research methods/statistics class
- One additional science class to meet general education requirements
- Additional credits to reach 120 in total (60 credits will transfer).

* Or social science course. Most social science courses would count toward the major; however, this would mean the student would need to take an additional humanities course at Rutgers.

** Credits do not transfer for these individual courses – however AAS degree recipients receive a block of up to 25 credits to bring them to a total of 60 credits.
