

Department Plan
Academic Year 2022-2023

The Board of Trustees has established **Strategic Priorities for 2020-2022**: community needs; student success; financial stability; facilities planning; and college image enhancement. Every department in the college has a role to play in helping these priorities bear fruit. The Academic Affairs Division remains focused on student success, in particular reducing achievement gaps.

Please answer the following questions in writing and email your first responses to your Associate Vice President or Institute Dean by **September 30, 2022**. Feel free to use separate pages if necessary. Questions four and five will be due at **midyear - January** and the **end of the year - May**, respectively.

Taken together, the department plans will help the AVP/Institute Deans and the Vice President, Academic Affairs consider and review college-wide priorities and strategies.

Institute:

Department:

1. What strategies will your department use this year to reduce achievement gaps in your area?

2. What measurable outcomes do you anticipate from these strategies?

3. If there was a program review in the last four years from the Department, please share status of recommendations.

Recommendations	Strategy/Action	Final Outcome

4. As of **January 2023**, what is the status of your strategies and/or recommendations?

5. As of **May 2023**, what is the status of your strategies and/or recommendations?

6. Please share the status of recommendations made to improve student learning after the Department assessed learning outcomes in its programs and courses.

Recommendations <i>(To adjust/improve student learning after outcome assessment)</i>	Strategy/Action <i>(To reassess the learning outcome)</i>	Final Outcome <i>(Closing the Loop Results)</i>

7. How will the department address the most recent findings of the General Education Assessment Committee?
