

There's No Place Like Home

180 Turning Lives Around's domestic violence awareness month art exhibit 2022 is a reflection of HOME from a survivor's perspective. When domestic violence is experienced, home is no longer a place of peace or safety. The artwork represents their journey: from their experience of domestic violence, toward a home free from abuse.

This is a traveling exhibit available for display. Please contact 732-264-4360 x 4602.
